Assessment

Assistance starts with a comprehensive intake/assessment/referral process which helps determine eligibility for NECAC's many programs. An interview is conducted to assess the families' needs. Those needs are then addressed by providing referrals to NECAC programs and services offered by other agencies.

Family Development

Though Family Development, participants are offered a variety of life skills classes some of which include: Budgeting, Energy Savers, Good Neighbor, Home Ownership, Building Stronger Families, Healthy Life Styles, Pre-employment etc., these classes are in three hour sessions and are free of charge.

Workforce of the Future curriculum is a 4-6 week classroom time. This program is open to anyone and is free of charge. NECAC works in partnership with Missouri Career Centers.

Case Management is offered through Family Self-Sufficiency. This program offers individual case management with goal setting and personal visits.

Missouri Building Assets also provides case management and an opportunity for each participant to open and save money on a monthly basis to work toward homeownership, business ownership or secondary schooling.

Emergency Assistance/Energy Crisis Intervention Program

LIHEAP Energy Assistance is a one-time-a-year program that makes one payment to utility companies on behalf of the participant to help offset the high cost of winter bills. This program runs from **October—March**.

ECIP is an emergency assistance program to help with shut off notices. This program runs in the winter to help with heating bills and in the summer to help with cooling bills.

Emergency Funds

NECAC helps; as funding is available, for emergency rental assistance, deposits, etc. through United Way, FEMA, Homeless Challenge, etc.

Housing Rent Assistance (Section 8)

Affordable housing is the goal of NECAC's housing rent assistance program. The elderly, disabled and low income individuals and families are eligible for this program. The amount of rental assistance is based upon the tenant's income. The program uses existing rental housing that is in decent, safe and sanitary condition and passes HUD inspection.

The Family Self-Sufficiency Program is designed to help families live without assistance. The Housing Choice Voucher program provides families the opportunity to purchase their own home. Eligible families must meet certain criteria and have a qualified lender.

Weatherization Program

The NECAC Weatherization program is open to Missouri's low income home owner, and renters who are elderly or physically impaired. NECAC Weatherization crews install insulation and other measures designed to make the home more energy efficient and thus reduce energy bills. The work is done at no cost to the applicant. The work can save the occupant money on energy bills for years to come.

Housing Development

NECAC works closely with the Missouri Housing Development Commission (MHDC), USDA Rural Development, HUD and private investors in the planned development, acquisition and renovation of quality affordable housing. With more than 1300 apartments for the elderly, disabled and families with low-income the units are based upon the tenant's income.

Established in 1965, North East Community Action Corporation (NECAC) has been managing and delivering an abundance of social service, community health and public housing programs to the low-income, elderly, youth, handicapped and disadvantaged through contracts and grants with federal, state and local governments, other not-for-profit agencies and private businesses.

Our Mission is to assist the disadvantaged within our service area in their efforts to rise above poverty by providing needed services to enable each individual to function at his or her own improved financial, physical, mental and social level.

Our Mission Statement: “Empowering People, Building Communities, Changing Live.”

Our Vision is: People will become empowered within their communities to eliminate poverty so that all residents can achieve and enjoy economic independence. We are committed to building stronger communities by strengthening families. Our visualization is that all community members, including lower income people themselves, will take the responsibility and work together to alleviate the causes of poverty.
